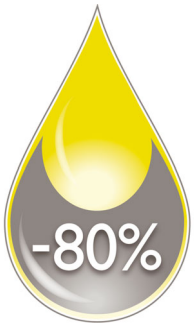
Highlights

Rapid Air technology



Airfryer's unique Rapid Air technology enables you to fry, bake, roast, and grill the tastiest snacks and meals with up to 80% less fat than a conventional fryer! Its unique combination of fast precisely circulating superheated air, starfish design, and optimal heating profile allows you to fry a variety of delicious fried foods in a fast and easy way with no oil**. With Rapid Air technology you also get less smell than traditional frying, making it is easy to clean, safe and economical for daily use!

0.8kg cooking capacity

Large cooking capacity for all your favourite recipes

Digital touch screen

With the digital touch screen you can control the time and temperature of your cooking in an easier and more precise way. Enjoy your favorite food, prepared at the right temperature and time for the best result!

1400 W power

High-power performance for fast cooking results

Include double layer accessoy

Maximize your Airfryer's cooking space with the double layer accessory. The accessory allows you to cook different types of food in the same time.

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid Air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

International recipe booklet

This recipe book created by culinary experts gives inspiration for a variety of low-fat fried food that you can cook in the Airfryer. It also introduces you to recipes that showcase the versatility of the appliance so that you can grill, bake and even roast food healthier, faster and more conveniently.
